## ? ABOUT US

Subsea & Offshore Service Magazine, the journal for the Oil, Gas, and Renewable Energy markets.

Every month we run features relevant to today's markets; from drilling & exploration, subsea equipment to decommissioning.

We address the latest news, trends, legislation updates, business acquisitions, technological developments and run relevant features covering all practises from exploration to production.

The very latest products, services and award-winning innovations are reviewed within industry specific features to share with our audience on a monthly basis in print and digital format.

Distribution is increased for the major international oil and gas exhibitions we review and attend in order to gain additional awareness and exposure.

Please send your contributions to [editor@sosmagazine.biz](mailto:editor@sosmagazine.biz) or alternatively contact Sarah Gillender at [sarah@sosmagazine.biz](mailto:sarah@sosmagazine.biz) for further information on advertising.

Thanks for reading!
